About us

Wuhan Linkage Track Equipment Co., Ltd is a high-tech enterprise specializing in railway inspection equipment, which integrates R&D, production and sales. We are committed to becoming a world-renowned railway equipment supplier. We adhere to the enterprise vision "customer first, outstanding brand, excellent team, innovation and development", listen to the requirements of global customer, design the competitive products.

We always believe that, only with the high quality products and service, we keep going further. No matter what you need for railway equipment, Lianjie will provide the best solution.

DRILLING

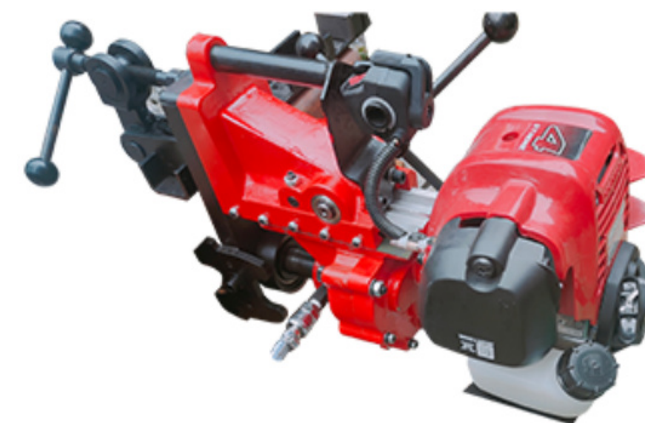

LK-SD1.47-I
